[PDF] A prime number labeling scheme for dynamic ordered **XML trees**   uoc.gr [PDF]

X Wu, ML Lee, W Hsu - ... of the 20th International Conference on Data ..., 2004 - csd.uoc.gr
... Thus, re-labeling after updates is inevitable for interval-based labeling schemes which are not
suitable for labeling **XML** documents in update-intensive applications such as biding. **...** First, the
tree is partitioned into paths to **transform** the **tree** into a balanced **tree**. **...**

Generalizing operational **transformation** to the standard general markup language   psu.edu [PDF]

AH Davis, C Sun, J Lu - Proceedings of the 2002 ACM conference ..., 2002 - portal.acm.org
... one adopted by the ISO for **transformation** [9] and hyper- media [10] languages, by the W3C for
XML [21] and **...** In the third section we will discuss how to use operational **transformation** to ap-
ply multiple streams of operations to **...** The tiny grove in Figure 3 has a single content **tree**. **...**

Piazza: Data management infrastructure for semantic web applications   psu.edu [PDF]

AY Halevy, ZG Ives, P Mork, I ... - Proceedings of the 12th ..., 2003 - portal.acm.org
... on features of the XQuery **XML** query language [6], which is able to specify rich **transformations. ...**
Each node has a schema, expressed in **XML** Schema, which defines the terminology and the **...**
how the terminology and structure of one node correspond to those in a **second node. ...**

[PDF] **XML** structure compression   psu.edu [PDF]

M Levene, PT Wood - Proceedings of the Second International Workshop ..., 2002 - Citeseer
... The idea behind XMILL is to **transform** the **XML** into three components: (1) elements and attributes,
(2) text, and (3 **...** Figure 3: Algorithm for encoding an **XML tree. ...** Example 2.2 Consider the following
XML document, which is valid with respect to the DTD given in Example 2.1: **...**

Method and apparatus of data exchange using runtime code generator and ...

E Kuznetsov - US Patent App. 09/733,834, 2001 - Google Patents

... three distinct processes. Known XSL **transformation** engines (XSLT) typically rely on
recursive processing of **trees** of nodes, where every **XML** element, attribute or text
segment is represented as a node. Because of this, implementations **...**

[PDF] Binary queries   psu.edu [PDF]
A Berlea, H Seidl - Extreme Markup Languages, 2002 - Citeseer
... Many select queries relative to the dynamic current context can be collected into one binary query
whose evaluation can be performed statically, ie, preceding the **transformation** of the input
document. **...** As in **XML**, we abbreviate <a> to <a/>. Given a **tree** t = <a>f, we **...**

Implementing a scalable **XML** publish/subscribe system using relational database ...   psu.edu [PDF]
F Tian, B Reinwald, H Pirahesh, T Mayr, J ... - Proceedings of the ..., 2004 - portal.acm.org
... The **XML tree** structure matching part of the subscription is expressed by the BrPred predicate,
which checks **...** is at the second level of the associated IdPath starting from the **XML** document root **...**
Therefore, we can **transform** each (BP_Postion, idpath) pair into a relation that has the **...**
